AgentMail allowed-domain send	GATED / BLOCKED	Domain restriction tests passed; no send attempted	Bridge Session plus configured AgentMail send adapter required

- No external write was executed.
- No `.env`` file was modified.
- No secrets, auth files, raw paths, or internal task IDs were printed.
- OpenClaw+ naming remains correct.

Phase 9 Decision

Phase 9 is ****PARTIAL GO**** for Mission Control report-link contract and ****BLOCKED/GATED**** for external delivery connectors.
