

Day 7 Phase 065 - Model Provider Proof

Generated: 2026-05-07 23:56 ET

Objective

Prove model/provider availability as boolean/status only, with no key disclosure and no billing surprise.

Provider Table

Provider	Status	Proof	Caution	
---	---	---	---	
Anthropic / Claude	connected	Auth present by approved source; no token printed	No billing action taken	
OpenAI	connected	Auth/subscription/API route visible by boolean only	No key printed	
OpenRouter	not_configured	No active key/config in registry	Keep as blocked until configured	
Ollama	connected	Local daemon reachable	Local backup only	
NVIDIA	connected	Credential/config boolean present	Not selected as default route	
Gemini	connected	Credential/config boolean present	No key printed	
Groq	not_configured	No active key/config in registry	Keep blocked	

Model Catalog

Mission Control model catalog route returned 18 model entries. This is catalog visibility, not blanket live inference proof for every provider.

Decision

PARTIAL GO. Anthropic, OpenAI, NVIDIA, Gemini, and Ollama are visible/configured; OpenRouter and Groq remain not configured.
