

Day 8 Phase 071 - Mission Control Report Link Delivery

Generated: 2026-05-08 00:04 ET

Objective

Prove Mission Control can create and serve a report link/PDF locally without fake external delivery.

Actions

- Created one local Agent Zero report through Mission Control.
- Requested Mission Control, Telegram, Google Drive, and OneDrive channels to prove honest channel states.
- Opened the report metadata, Markdown, and PDF routes.

Proof

Item	Route	Result	Decision
---	---	---	---
Create report	POST /api/bridge/agent-zero/reports	201	G0 local report created
Report link	GET /api/bridge/agent-zero/reports/azr_mowe3oqa_ed8982b203b3	200	G0 authenticated local link
Markdown attachment	GET /api/bridge/agent-zero/reports/azr_mowe3oqa_ed8982b203b3/markdown	200	G0
PDF attachment	GET /api/bridge/agent-zero/reports/azr_mowe3oqa_ed8982b203b3/pdf	200	G0
External writes	delivery channel safety flags	false	No external write executed

Channel Truth

Mission Control is available. Telegram, Google Drive, and OneDrive were requested and correctly returned blocked/gated delivery channels instead of fake success.
