

Phase 10 — Delivery Connector Proof Report

Generated: 2026-05-07T23:22:02Z

Result

Status: PARTIAL GO / EXTERNAL DELIVERY BLOCKED

Mission Control report-link delivery is proven. Telegram attachment, AgentMail send, Google Drive upload, and OneDrive upload remain blocked or Bridge Session gated. No external delivery was faked or executed.

Delivery Channel Matrix

Delivery channel	Status	Proof	Blocker
---	---	---	---
Mission Control report link	`GO`	report surface HTTP 200, report count 15	`None`
Telegram PDF attachment	`BLOCKED`	approval queue HTTP 200; no document attachment send executed	`no_approved_telegram_document_attachment_route`
AgentMail allowed-domain send	`GATED / BLOCKED`	registry state connected / configured / read-only	`agentmail_provider_not_visible_or_configured`
Google Drive upload	`BLOCKED`	status route HTTP 200	`google_drive_upload_connector_not_configured`
OneDrive upload	`BLOCKED`	status route HTTP 200	`onedrive_upload_connector_not_configured`

Route Proof

Route	Auth	HTTP	Key result
---	---	---	---
`GET /api/bridge/agent-zero/reports`	yes	200	ok=True, mode=agent_zero_report_delivery_surface, count=15
`GET /api/bridge/agent-zero/google-drive/status`	yes	200	ok=True, mode=agent_zero_google_drive_delivery_adapter, status=blocked, blocked_reason=google_drive_upload_connector_not_configured, execution_enabled=False, writes_enabled=False
`GET /api/bridge/agent-zero/onedrive/status`	yes	200	ok=True, mode=agent_zero_onedrive_delivery_adapter, status=blocked, blocked_reason=onedrive_upload_connector_not_configured, execution_enabled=False, writes_enabled=False
`GET /api/bridge/agent-zero/ecosystem`	yes	200	ok=True, mode=agent_zero_ecosystem_context_read_only
`GET /api/bridge/capability-matrix`	yes	200	ok=True, mode=bridge_mode_read_only_mvp
`GET /api/bridge/approval-requests`	yes	200	ok=True, mode=telegram_approval_queue_proxy_read_only, execution_enabled=False
`GET /api/bridge/agent-zero/reports`	no	401	error=Unauthorized

No-Fake-Delivery Confirmation

- No Telegram document attachment was sent.

- No AgentMail email was sent.
- No Google Drive upload was run.
- No OneDrive upload was run.
- No external write occurred.
- The only proven delivery path is the authenticated Mission Control report surface.
- Blocked connectors are reported as blocked, not done.

Bridge Session Rule

External send/upload channels require an owner-approved Bridge Session plus a configured connector adapter. A Bridge Session alone does not make an unavailable connector active.

Guardrails Confirmed

- No secrets were printed.
- No .env file was modified.
- No Zapier write, HeyGen generation, SMB/Fork 2, or farmer execution occurred.
- OpenClaw+ naming remains correct.

Exact Next Step

Configure and prove one delivery adapter at a time: Telegram document attachment route, AgentMail allowed-domain send connector, Google Drive upload connector, then OneDrive upload connector. Each needs Bridge Session scope and live proof before any owner-facing Done claim.
