

Day 2 Phase 015 - Hermes To OpenClaw+ Skill Proposal Path

Generated: 2026-05-07 23:05 EDT

Result: PARTIAL GO - proposal path works, activation gated

Objective

Prove Hermes can draft a skill/workflow proposal for OpenClaw+ review without writing files or activating runtime execution.

Actions Completed

- Submitted a planning-only skill_design handoff through Agent Zero.
- Submitted a planning-only automation_plan handoff through Agent Zero.
- Confirmed both returned ok:true and hermes_called:true in the handoff contract.
- Confirmed execution and writes remained disabled.
- Confirmed the active runtime layer language is OpenClaw+.

Files Changed

No production source files changed in this phase. Report artifacts only.

Commands And Routes Used

- POST /api/bridge/agent-zero/hermes-handoff with task_type skill_design.
- POST /api/bridge/agent-zero/hermes-handoff with task_type automation_plan.

Proof

Task Type	HTTP	Result	Execution	Writes	Audit
skill_design	200	ok:true / hermes_called:true	false	false	recorded
automation_plan	200	ok:true / hermes_called:true	false	false	recorded

Blockers

OpenClaw+ skill activation remains gated by Agent Zero, Gateway policy, and Bridge Session. Hermes cannot directly activate skills.

Tests

Agent Zero/Hermes collaboration tests passed and validate no direct execution.

Services

mission-control.service active after Day 1 restart. hermes-gateway.service active. playwright-mcp.service active. No new public service exposure was introduced.

Commits

Starting Day 2 HEAD: 9f31233. Day 2 report commit pending at report generation time.

Rollback

Rollback for Day 2 report-only artifacts: revert the Day 2 documentation commit after it is created. No service configuration rollback is required because no service settings were changed.

No-Secrets Confirmation

No credential values, auth files, API keys, tokens, passwords, or environment values were printed or committed. Environment and credential checks were boolean-only. No .env file was changed.

Updated Percentage

Hermes to OpenClaw+ skill proposal: 74% PARTIAL GO

Exact Next Step

Proceed to Gateway policy and OpenClaw+ phases before any activation path is considered.
